INTRODUCTION

EsoPhil Council is an Human Rights Organization being registered under Ministry of Corporate Affairs, Govt. Of India under section 8 ,company act 2013 besides being also involved in other ngo activities of which the synopsis is going to be discussed later in here. The organisation will follow the strict guidelines being set by Govt. Of India time to time.

The organisation has taken the initiative to start on its own after some people already working with rights had decided to part ways during the year 2019 . Work also started but Covid came and later on unfortunately things did not go well and again everything departed . In the meantime something happened and parting ways yet again two people started planning admist their own busy shedule and ultimately we came to make the platform of EsoPhil Council which is meant for people dated 10 FEB 2025.

We thank the almighty who has given us the strength to hold on and achieve the platform of forming the organization and now we are all here together to take this to greater heights holding hand in hand and work ...with Humanity .For Humanity. ByHumanity.... Yes Ladies and gentleman that's our tagline written their on the top of brochure below the name which is in your hand. Once again I thank you all for being here together.

Our registrations:-

EsoPhil Council is registered with .
MSME(UDYAM) , NITI AAYOG(DARPAN), MSJE(E ANUDAAN),
And is an ISO 9001: 2015 ORGANISATION
Also we are going to have our trademark registration done.

During the formation of the organisation it was well kept in mind to work on pan India basis so that all people from different states , different zoner es , different cast , different religion , and different thinking can come together and work for the people So developed our infrastructure accordingly and the formation stood in the following way -

1. DIRECTORS

1.1. EXECUTIVE BODY

- 1.2. DIRECTORS
- 1.3. CHAIRMAN
- 1.4. CO CHAIRMAN

- VI. ACCOUNT CUM TREASURER

Each Branch is going to have the 4 cells

- I. WOMEN'S CELL
- II. STUDENT CELL
- III. DISASTER MANAGEMENT CELL
- IV. CHILD WELFARE CELL

4. Area of work / Activity

Our first request to all the people who are willing to join hand hand with us and become a part of EsoPhil family is to plant a tree may be a palm tree sapling in their own backyard , nourish it like a child care for it and when it grows a little old sonas to sustain the outside environment hand it over to the organization and it will be transferred to the state or local area for plantation with a tag attached to it of EsoPhil Council and the member who has nurtured it . This way we can plant handful of plants which can take care of pollution to some extent .

Our other area of works include

1. Child Welfare Child Rights
2. Mens And Women's Rights
3. Rights Of Third Gender
4. Women Empowerment
5. Education
6. Work On Environment
7. Healthcare Management And Health Care Rights
8. Disaster Management
9. Development Of Society Through Culture Awareness
10. Senior Citizen And Old Age Home And Disability

SMALL SYNOPSIS

1. WOMAN EMPOWERMENT

will focus on creating equal opportunities and remove barriers Google belt education challenging harmful social activities development training along with vocation and training cultural aspects of life opportunities women entrepreneur likes to develop a business it in leadership rules in respective communities other initiative which we shall take on to ensure women's rights and we can reach this full potential and contribute to social and economic problems of their communities

2. CHILD WELFARE RIGHTS

we shall focus on protecting and promoting the wellness of children so that they can have their basic needs fulfilled.

Child rights are fundamental rights that every child is born with.

We shall work for child protection their development through education, culture awareness ,Healthcare to amend or change the policies or practices which wrong fully effects the children's life.

Along with these the fundamental rights of children have to be delivered by us through our work , exploitation, abuse street children problems, to involve childrens in cultural aspects of life in educate them through cultural awareness ,educate in planting trees and aducate about trees values to the environment and their relations with their own life .

3. DISASTER MANAGEMENT

In this sector we shall have our own disaster management team work on the prevention process potential hazards from occurring and get involved in rescue operation , emergency situation management through our manpower. We also shall be going hand in hand with the respective authority of state in this subject and will always be trying to come forward in these situations.

4. CULTURAL AWARENESS AND RIGHTS

To make learn about diverse culture we have through workshops, cultural events and activities to make people learn to respect all different cultures and community we shall offer to learn different languages from different cultures so that we can tell about all are in the same boat .

5. EDUCATION

Working with the schools and look about its development thought awareness of students and school authorities.

6. SENIOR CITIZEN / DISABILITY

We shall be working for senior citizen old age home for those who are in need of Healthcare to cater the medical needs of old people to their home in every possible way. home where old people living in despair will be staying along with children who doesn't have parents old age home Plus and orphanage together at the same place

7. MENS AND WOMENS RIGHTS

Everyone deserves to live with dignity, respect, and equal rights regardless of gender. True progress happens when men and women are empowered equally, free from discrimination or bias. By promoting understanding, encouraging open conversations, and standing up for fairness, we move closer to a more just and balanced society. Change begins with awareness, but it grows stronger through action, empathy, and unity.

8. RIGHTS OF 3RD GENDER

There are many laws regarding the transgenders which are not being worked upon properly , as they are also humans so we have a clause of working for them also according to article 14 of equality , article 15 of non discrimination and article 19 1 a of right to speech we shall be working to protect them from any physical abuse under article 18 of protection of rights , their education ,job and healthcare

9. WORK ON ENVIRONMENT

environmental rights that are fundamental rights we have to protect fundamental rights which includes environment. we will work through awareness programmes and maintenance programme of sanitization in rural belts, visit the factories and industries and work upon the proper pollution control of and environmental rights which are the basic rights of the people and they deserve it.

10. HEALTHCARE RIGHTS

Awareness of healthcare through camps , medical camps . To help to those in need of medical assistance but can't afford doing so due to financial problems as healthcare is for all . We also have plans to provide mediclaim to disabled peoples who can't afford and insurance for children in most rural and underdeveloped belts

Small training programme group by group about human rights and other activities and how the works shall be done according to the infrastructure and rules and regulations

Small training for as how to report and in what process to do the works .

Modus operandi of the whole system a small knowhow

Works to be done by us point wise ...

1. Co ordination with hospitals and work in tandem with them.
2. Work upon environmental projects.
3. Individual and collective case study and work upon them.
4. Development of rural belt.
5. To maintain and manage educational institutes for the benefits of students for future.
6. To promote literacy , modern education for needy kids and students.
7. To work for disabled peoples on road may be in association with other organisations interested in doing so.
8. To work for aged , sick elderly people , helpless people , home service and other service in all possible ways.
9. Medical camps in tribal and rural belts along with awareness camps on education, environment and family welfare.
10. Medical services for needy.
11. To open charitable dispensary, first aid centre for the needy.
12. Medical camps for disabled , handicapped people , deaf and dumbs.
13. To make self help group based programme at grass root level at rural belts.
14. To help in livelihood opportunity to peoples of rural belt in form of tourism and other aspects.
15. To fight for human rights of common people and all and to develop a good social atmosphere for all people to strive in the world .
